

VASHON ISLAND NEWS-RECORD

VOLUME IV.

VASHON, KING COUNTY, WASHINGTON, THURSDAY, MARCH 4, 1920.

NUMBER 20.

DOCKTON

Edwin Ongstad is on the sick list suffering from an attack of the grippe.

Mr. J. Swanson was the week end guest of his brother, Mr. A. Swanson, at Enumelaw.

Mr. and Mrs. Turnbull, sr., were guests of their daughter, Mrs. W. S. Bentley, at Burton several days last week.

Mr. Albert Nilsen left on the early boat Sunday morning for Alaska, where he will be employed until September.

Mr. and Mrs. Middlecoff enjoyed the beautiful weather on Sunday motoring to Kent, where they spent the day with friends.

Mrs. P. Manson of Seattle has sold her old home here. Mrs. J. F. Riehm, who has been a tenant for some time, has bought it.

Mrs. Nils Carlson has received word from her son Carl that he has been transferred to the destroyer "Burns," and is now stationed at San Diego.

Tuesday, March 9th, is the date set for the launching of Ship No. 2. The christening will be at 7:45 a. m., and she will be named "Ella A."

Miss Millie Ronevich is home again from St. Joseph's hospital, where she was confined about five weeks with pneumonia and throat trouble. She is slowly recovering.

Of interest to the people in Dockton is the annual school election, which will be held in the schoolhouse on Saturday, March 6th. Every voter is asked to come out and vote for the right party. There will also be a vote on bonds for the purpose of building a new schoolhouse.

COVE

Mrs. A. C. Moe received the sad news by telegram of the death of her sister, who resided in Butte, Mont.

The Hanson brothers, Anton and Hans, after a winter spent east of the mountains, are back among us again. Glad to see you, old stand-bys.

Mr. P. Patton was with us again for a few days. Thought he was over his illness. Taken with a kink in his back. Went over to Seattle for treatment.

D. H. Ramstad came over Saturday to see his family and shake hands with old neighbors. He is planning to set out quite a patch of strawberries.

The infant daughter of Mr. and Mrs. A. L. Hotchkins has been quite sick. Took her over to Seattle last week to consult a doctor. Baby doing nicely once more.

Mr. E. Elden has commenced building the cement cellar walls for his new cottage on the ground he has been clearing. Mr. Tobe Bison is chief cook on the cement work.

Some people have lots of trouble with pipes. (Mine is a smoker.) E. N. Earles has his share—this time the drainage pipes from the house. Had them all to take up. He wears such a lovely smile at it—his pleasure.

W. V. Crozier took off a nice hatch of some 1800 baby chicks, for his first hatch, one day last week. He has them in the brooder house. They are a beautiful bunch of White Leghorns. Well, the lay of the chick is surely in the land.

Mrs. B. L. Moore entertained at Sunday dinner a Miss E. Lallier of Seattle. They took a trip to the beach for clams. "Fraid of getting their little footsies wet, I am afraid, as they came back empty-handed."

Mr. E. A. Hunt has been setting

posts and stringing wires for his nice logan pater. All these fellows so busy setting out loganberry plants must think it is quite a get-rich-quick scheme. We hope so.

Mr. Frank Elden had his smoke-house and all his meat destroyed by fire Sunday night. Caught somehow, as he was smoking the meat at the time. Quite a misfortune.

Mrs. John Smart was visiting on the Island last Sunday. She reported that her daughter Lillian had been quite ill with flu and pneumonia, but is slowly recovering.

J. E. Cherry has been up to H. O. Thomason's ranch to thresh Mr. T's clover seed. The machine balked a good deal. Two trips to the city for repairs. Got Ed Zarth to try his genuine hands on the subduing process—charmed it, all right. Then they found the clover was too damp for threshing. Such luck!

Mr. H. O. Thomason and Burt Moore have been running a race as to the "early worm" question for baby chicks. No difference as to time of hatch, nor the number of chicks. Each set 15 eggs under old biddie and each got 12 chicks. Mr. Thomason Burr Orpingtons and Mr. Moore Barred Rocks. Nothing to crow over.

Mr. and Mrs. Ed Ramquist enjoyed a nice Sunday visit from Mr. R.'s brother George and wife, also a Mr. and Mrs. Cowan and son, friends, all of Seattle. Mr. Cowan was much pleased with Ed's fine home and grounds. And no wonder, as Ed is quite an architect in landscaping.

Joe Ruisbeck was burning some weeds along the fence last Friday. A strong north wind caused the fire to spread to the adjoining ranch of A. H. Johnson. It swept across the hay stubble, down the canyon, burning the whole hillside slick. Mr. Hunt, just south of the Johnson ranch would have been more than pleased if the fire had jumped the creek between them and burned his waterfront, too.

C. A. Renouf is getting to be quite a house mover. Had a small brooder house down the bank, which he wanted to get up. Could not pull it up with block and tackle; no room for using a team of horses. He thinks there are more ways than one to "skin a cat," so he hitched the tackle to one side, and over it came; rolled it onto the roof, over and over it came. Funny way to move a house, may be. Well, it gets there just the same. Got it on level land. Nicely fitted up now.

There may be others more capable of doing the subject justice, yet my heart constrains me to say a few words as to the death of Mrs. P. D. Halsey, which so deeply shocked our community, coming so suddenly after her husband's death and burial. As a friend, no truer one none ever had; no unkind words ever crossed her lips; her home ever open to the lowliest. As a neighbor, none more accommodating and ready to extend the helping hand. As a helpmate, no truer, steadfast wife ever blessed a husband's lot. A tireless worker, but always cheerful and happy at her work. We could only wish she might have lived to enjoy a few years of comfort and peace after such faithful devotion and care of Mr. Halsey through so many weary days and nights. But God's will is beyond our ken. Sweet be thy rest. Thy life work, nobly done. Leaves no stain to mar its beauty. Or its sweetness. Vale.

The election of a school director is an important matter. If you do not think so, do not exert yourself to the extent of going to the polls.

The first electrically driven locomotive attached to a passenger train on the Milwaukee line in the Northwest left Tacoma at 8:10 on Monday morning, pulling the overland limited.

Farmer Organizations Welding National Strength

Farm organization activities have resulted in more fruitful unity this winter than at any other time in the history of agriculture in the U.S. Here are pictured a group of leaders in the National Board of Farm Organizations Congress which met recently in Washington. Front row, left to right: Gifford Pinchot, director N. B. F. O.; C. S. Barrett, president National Farmer Union; J. H. Kinble, secretary Farmers' National Congress; E. P. Condit, Maryland Agricultural Association; C. O. Drayton, president Farmers' Equity Union. Back row: J. W. Batchelder, president South Dakota Farmer Union; Leroy Melton, secretary Farmers' Equity Union; Dr. T. B. Symons, Maryland State Agricultural College; and Charles A. Lyman, former secretary N. B. F. O.

ELLISPORT

Mrs. Frank Fuller, who has been quite ill, is much improved.

Mrs. Beck, Mrs. Christy's mother, is reported to be convalescing.

Mrs. K. F. Richards and Mrs. Lillian Snell are guests at the home of their mother, Mrs. F. E. Newman.

We are informed that Louie MacMillan has rented the "Shamrock" and will move there with his family.

Mrs. Harry Lee, Mrs. C. L. Christy, Mr. and Mrs. H. S. Collins, Mrs. A. P. Furbush and Mrs. B. K. Starr were recent visitors to Seattle.

The Claypools and Dr. Torlands of Seattle were over for the week end. Dr. Torland is having quite extensive improvements made to his lawn.

The Get-together Club was very pleasantly entertained on Thursday of last week by Mrs. Pyle and Mrs. Lee at the home of the latter. Following an interesting program, delicious refreshments were served by the hostesses. Then all inspected the remodeling of the hotel, and pronounced it good so far as it had gone.

SO. HEIGHTS

Mr. Meade has moved onto the Luther place near Luceta.

CENTER

Little Maybelle Wilber is having quite a siege with lung fever.

Mr. J. W. Forrest made a business trip to Seattle on Friday.

Robert McChellan is spending a week with Mr. and Mrs. Sheffield.

Mrs. Mary Box was a week end visitor at the home of Mr. and Mrs. Will Ross.

Mr. and Mrs. Frank Day of Magnolia Beach have left for a trip to California.

A mink broke into the poultry house of Mr. John Algeo at Clam Cove and killed 29 hens.

Mrs. Ross spent the day with Mrs. Jenkins Thursday. Mr. and Mrs. Jenkins have both been ill with heavy colds, but are improving.

Mr. and Mrs. Forbes Haskell spent the week end at their cottage here. They have recently returned from California.

We learn that our road man, Mr. Hieker, has been seriously ill with flu. He was at last report improving so that he hopes to be over next week to superintend the graveling of the new road.

Don't miss the basket ball game this Saturday evening at Vashon high gym. Vashon Island vs. College of Puget Sound. The following is the personnel of the Island team: Harry Enochs, Scott Sherman, Louis Fretz, Ralph Scarborough, Robert Gerry, Walter Gerry.

THE FIRST "TOUCH" OF SPRING

The Camulos Club will meet on March 5th with Mrs. Hebble.

Miss Swanson spent the week end in Seattle with her parents.

Miss Fannie Marshall was one of the shoppers in Seattle last week.

Mr. M. Morford and family have moved to their property west of Center.

Mrs. Bomberger and daughter have returned to their home in Nebraska.

Mr. Houghton has been able to be out and around the yard the past few days.

Mrs. Day is staying with her daughter, Mrs. Jas. Bittell, who is ill with the grip.

The Pentecostal assembly have been holding meetings every night in the church at Center.

Mr. and Mrs. Bonnell of Tacoma were Sunday visitors on the Island, looking over their ranch.

Mr. and Mrs. Chas. Foster and family of Seattle were guests of Mr. and Mrs. P. McCormick on Sunday.

Mrs. E. Stone and children and Miss May Turner enjoyed Saturday and Sunday at the home of Mrs. Allison.

The school election will be held at Center school on Saturday, March 6th. Polls will be open from 1 p. m. to 4 p. m.

Mrs. Jack Wood of Seattle spent part of last week with her mother, Mrs. B. S. Wise, at Fernwood Ranch.

It is reported that William Polk, who had a farm on the Island, committed suicide in Denver, Colo., last Wednesday.

Mrs. A. Hedman of Seattle was on the Island last week looking over her property and arranging to have some plowing done.

Mr. Geo. Dowd and family of Tacoma spent the week end with relatives. Mr. Dowd expects to locate on the Island in the near future.

A school meeting will be held on Friday evening, March 5th, to discuss the transportation of the children to Burton, or of building a new schoolhouse. All interested are urged to attend.

Little Leah Kirkland was painfully injured last week when a barn door near which she was playing fell over on her. She was badly bruised and scratched, and it seems little short of a miracle that she was not seriously injured. Mrs. Kirkland has been ill for several days, due to the shock and anxiety.

BURTON

Mrs. May Gammell went to Gig Harbor on Sunday for a brief visit.

The government has been scattering seeds around Burton. A few more left at Burton post office.

Mr. A. C. Adams is now a member of the store force with the Burton Trading Company.

The Missionary Society met at the home of Mrs. Leathers, Thursday, Mrs. Heilge having charge of the meeting.

Mrs. Wm. Haack and her little son are over from Bremerton to spend some time with the home folks, Mr. and Mrs. C. N. Cristman.

Mr. Philip Meyer was over from Seattle several days last week visiting at the Lever home. On account of ill health the doctor has requested Phil to give up indoor work for a year.

The Whitfields entertained at their ranch home on Sunday the Marsh family from Portage, Mr. Munson of Portland, Mr. Lyle Bixby of Tacoma, and Miss Una Stewart of Burton.

D. G. Fenton's musical voice is heard around town as he lists your property and helps the assessor's office to fix the valuation by turning over the accumulation of his work as deputy assessor.

Mr. and Mrs. E. R. Butler of Alki, Mr. and Mrs. Fletcher of Des Moines, Mrs. C. H. Gerking of Meyers Falls, enjoyed a week end visit with their aunt, Mrs. Thos. McNair, at her home west of Burton.

The three men who have been doing the county spraying on the Island for the last three weeks, and stopping at Burton Hotel, left on Tuesday for Seattle, and from there will work in other parts of the county.

Mrs. K. M. Campbell of Tacoma has purchased the S. J. S. Davis place, near the Van House ranch, west of Burton, and is moving out this week. Miss Elizabeth M. Campbell, her daughter, who is a teacher at the Stadium high, will spend the week ends with her and her summer vacation.

Mr. N. C. Johnson, who has lived at Bordeaux, Wash., for some time, was over looking after his ranch this week and calling on his neighbors. He expects to return to Bordeaux, where he has work in a large mill. He left a year's subscription for the News-Record to be sent to him weekly.

You are missing some good singing and good sermons when you stay away from church Sundays. Rev. T. S. Fretz, who is supplying the pulpit, is earnest and inspiring and helpful; and the choir of girls, led by Mrs. F. C. Heilge, with Mrs. Leathers as organist, supply the music, which is such a help in any meeting. Take a Sunday off and go to church—it will make you feel like trying to be a little bit better through the week, and this all helps to make our community better.

Baptist Church

Rev. T. S. Fretz will preach in the Baptist church next Sunday, March 7th, on the following themes:

11:00 a. m.—"The Highest Things of Life."
7:30 p. m.—"The Light of the World."

Special music will be rendered at each service. All are invited.

Mr. and Mrs. W. N. Clark of Seattle have been over this week fixing up their Island beach property, north of the cannery.

The pruning demonstration held at the Van Campen place last Saturday forenoon was witnessed by a large company of horticulturists who, as well as the novices, found there was something to be learned under the instructions of an expert. Altogether it was a profitable meeting and demonstration.

definitely settled that Island people will be guests of the Tacoma Commercial Club on the date to be selected.

Gov. Hart has called a special session of the state legislature to convene March 22. Insufficient funds to finance the state's educational institutions is the main reason for a special session. The federal woman suffrage amendment will also be considered.

W. E. Ruemelin, a Tacoma newspaper man, who has charge of the rural development statistics of the Commercial Club, was on the Island today (Thursday) and in company with Francis Sherman was looking over the territory and gathering data for a write-up in the Ledger, at an early date.

The sum of fifty dollars will be paid any boy or girl, a resident of Vashon or Maury Island, who suggests the most appropriate name for the ferry landing at Clam Cove. This offer comes through the Tacoma Commercial Club. A committee will be selected to pass upon the merits of the names sent. Call the News-Record for further particulars.

What is being done about newsprint? The big Sunday editions are going merrily along. The scare heads are still scaring, the silly sections are as big as ever and quite as silly. There is enough paper being wasted each month in the offices of the metropolitan newspapers to give the weeklies and small dailies a supply for life. The big fellows waste: the little fellows want. Pacific Printer and Publisher. In this connection it may be stated that another source of waste is accounted for in the report that the reprinting of a Senatorial speech as a public document took 48 tons of paper.

It is interesting to learn that Juana Matedel, Portuguese bull-fighter, is paid \$7,500 a year. And the average wage of the American public school teacher is less than \$500 a year. And the United States government pays nurses \$15 for a seven-day week.

PORTAGE

MASS MEETING

In regard to the monument for the center of Vashon cemetery:

It certainly would be a fine thing to have such a monument, and have it dedicated on Memorial Day; but if we are to have it we must get together and decide what we are going to do. There is money coming in now, but no action has been taken and no one appointed to handle the funds.

Suppose we have a meeting in Vashon Y. M. C. A. hall, on Friday evening, March 12th, and decide just what we want to do in the matter. S. J. Harmeling, Vashon Cemetery Association.

OFF FOR A VACATION

Editor News-Record: Mrs. Whinery and I expect to start for our eastern home on Monday, the 8th inst., first visiting relatives and friends in Seattle for two weeks, thence to Grinnell, Iowa, at which place we will remain for a year or possibly longer, for all we know now.

It is no easy matter for us to say goodbye to our friends on these islands after living in your midst for eleven years. Yes, eleven years of the most pleasant part of our life. Everybody has been good to us. We leave our home and friends here with a feeling of love for all.

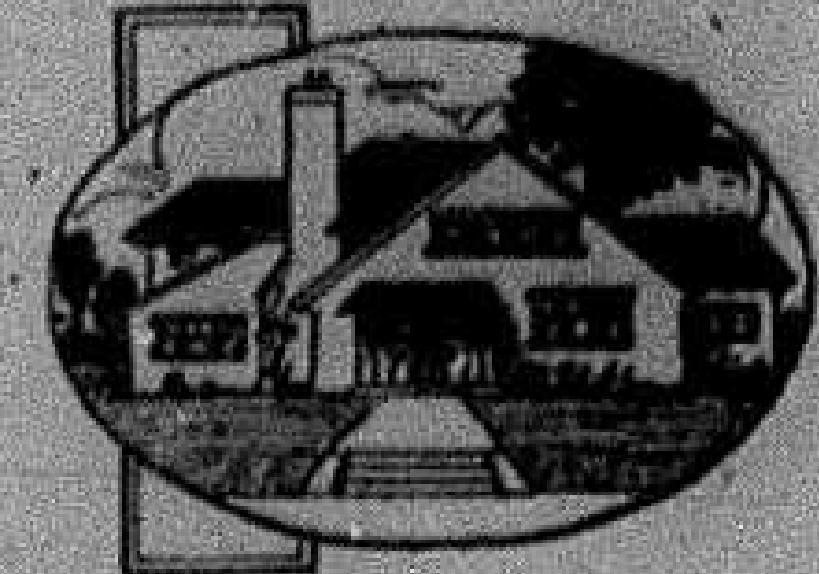

We had, until of late, supposed we would live out our allotted time here on the Island. However, circumstances have so adjusted themselves, all our children being so far separated from us, we feel lonely, and will go to them at this time.

We would like to see you all before going and bid you farewell, but take this opportunity of saying it through your good paper.

We have not sold our farm, neither has our daughter-in-law, Mrs. J. R. Whinery. They are not at this time on the market. We look forward to a time when property will be far in advance in value from today. Many things of importance for the good of the islands are in the future. No one should throw a straw in the way of any good, substantial improvements for the betterment of the property owners. A little assessment on our property to build up roads, bridges, etc., is not going to cost you or I any great amount. Suppose we do have to lean to a little more, it won't hurt as near as much as jolting along through mud and mire to get any place, then not get there either.

One of the regrets of leaving here is that we will not get to see the beautiful paved road from north to south through the Island. It must be coming sooner or later—the sooner the better for all. So please don't agitate against it.

Mr. and Mrs. H. M. Whinery.

NEW BUSINESS AT PORTAGE

Of Interest to Car Owners

Mr. E. N. Harrison, formerly foreman of the largest shop in Tacoma, has established a tire repair shop at Portage, near the ferry dock. He has the equipment to handle all makes and sizes of tires. He thoroughly understands the tire business and guarantees all his work. Mr. Harrison has recently purchased property at Portage and expects to make his home here. He wishes to demonstrate to the people of the Islands that there is as much economy in repairing tires as there is in half-soleing shoes.

COLUMBIA P. T. A.

There was a good attendance at the last meeting, held at Columbia school on Wednesday afternoon of last week. An interesting talk was given by Prof. Smith, relating to his experiences in France and Germany. He exhibited a collection of war souvenirs which he had gathered on the battlefields of France and Germany. He spent two years in France.

A lively discussion was indulged in with reference to the effect of moving pictures on young people and children. It was maintained that a majority of moving pictures have a harmful effect on the morals of the young and also are injurious to the eyesight.

COVE COMMENTS

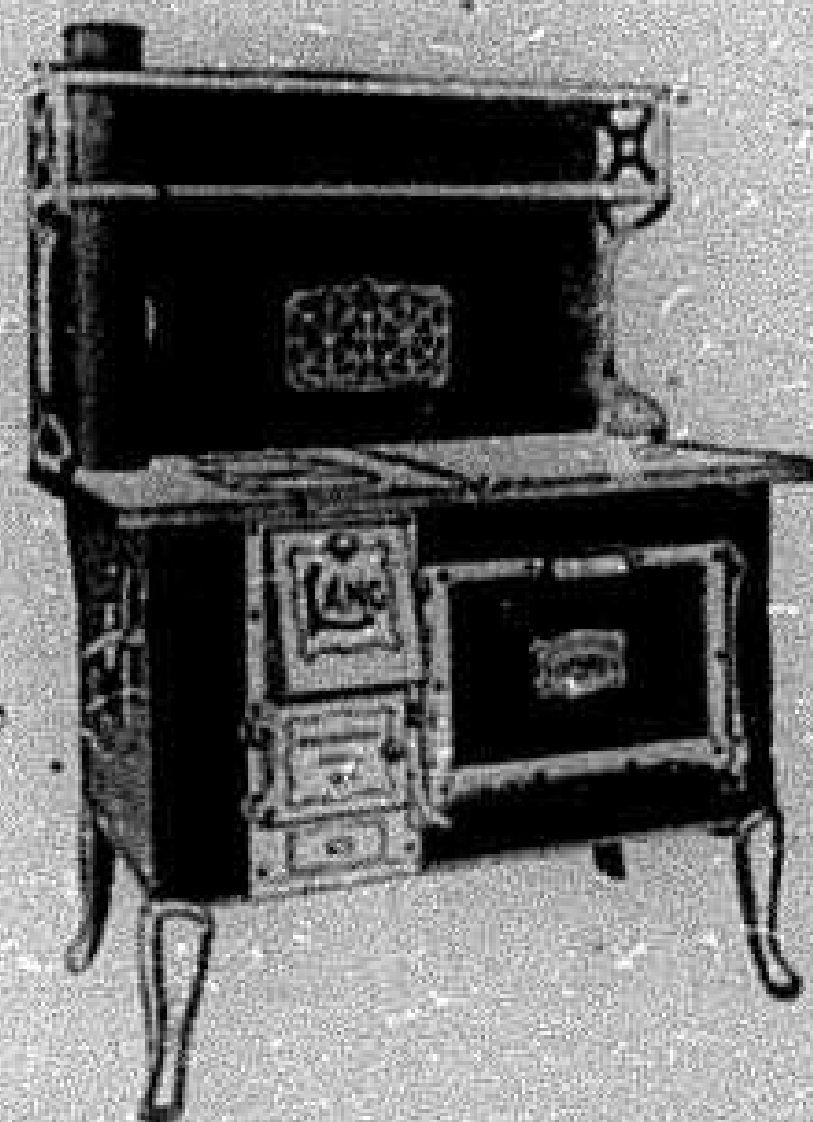

That we should all help to build up the community in which we live is a duty that can not be gained. This is to be accomplished in many ways. Well kept ranches are a good asset; well kept roads are another; and, pardon me for making mention of it, well kept inhabitants are a great factor toward the final result, viz., creating a good impression on the strangers who visit or pass along our shores. As an illustration, suppose you get on a steamboat on any of the Sound runs, you will involuntarily form an opinion of the prosperity of the various stopping places by the personal neatness or otherwise of the people you see on the deck, and it may be sufficient to encourage or deter a prospective settler. Therefore, it is a duty owed to one's community to be cleanly attired, whether in overalls or otherwise.

In last Sunday's magazine section of the Times there is an account of the marriage of a wealthy American woman to the son of a Greek royal family. A gift of a diamond tiara was made to the groom's sister-in-law, hoping that she would grace the nuptials. The gift was retained, but the lady being violently opposed to the match, ignored the ceremony. So a goodly pile of American dollars, the hard earnings of American tinplate workers, went to grace the brow of the ex-Kaiser's sister. It does not square with our ideas of right that Democratic American wealth should go to bolster up the decadent European aristocracy and royalty. But it is happening right along, all the same.

The death of Mrs. Balsey came as a shock to the folks at Cove. Coming so soon and unexpectedly after that of Mr. Halsey it seemed at first unbelievable. No doubt her unwearied attendance during the long illness of Mr. Halsey undermined her health, and like a spring tightly wound up for a long period, the sudden relaxation caused a break, and tired nature was not equal to the emergency. We had been hoping that Mrs. Halsey would have been able to visit around with her relatives and friends, and thus build up her sapped vitality, enjoying as far as was possible what remaining years were in reserve. But it was not to be. Man proposes, but God disposes.

The illustrated frock is an indispensable garment in every feminine wardrobe, for it can be pressed into service in many emergencies. The model illustrated features the new finished skirt, the flounces being finished with a narrow knife plating.

WOMEN LIKE KITCHEN APRONS

Useful Article is Welcome Present on Any Occasion—Must Suit Recipient's Youth.

Do you know the housewife welcomes kitchen aprons as gifts? In deed, she does! Also, remember that the modern housewife is not satisfied with a merely gingham apron—it must have a touch that proves its recent creation and the wearer's youth! Oh, of course, she must have a few severe, plain aprons for work which is not deserving of a pretty apron, but still she likes those. You can give her the other kind—they are more "fifty" looking and are just as useful.

A blue chambray apron would be most attractive if it were made with a bib which extends round the back and buttons in back with a round collar effect. The belt is very wide—wide enough to give the effect of a high. A few running stitches of yellow, beige and purple worked will finish the seams colorfully and you might add a little design directly upon the front of the bib.

An apron made of pale violet chambray would be most attractive with a piping of purple and white striped percale.

Checked gingham make up very attractively if you happen to get the kind of check which is large enough to have an air of veritable smartness. A blue-checked apron with bindings of blue, or a red-checked apron with bindings of red would equally delight the housewife.

Try giving this sort of apron in place of the fancy little white ones you used to give and which were hardly ornamental to a frock and certainly not protective.

U. S. INCOME TAX EXEMPTS NOBODY

Every Person Who Had Income in 1919 Must Determine Own Liability.

MARCH 15 LAST FILING DATE.

Surest Way is to Follow Form 1040A. Free Advice in Doubtful Cases. Severe Penalties in Law.

Nobody is exempt from Income Tax. An obligation is laid directly on the shoulders of each citizen and resident to consider his own case and to get his return in on time if one is due.

With each return showing a tax due a payment must accompany the return in the full amount of the tax or at least one-quarter of the tax.

All returns for 1919 must be filed on or before March 15.

Must Show True Figures. In figuring up his earnings for income tax purposes a person must take into consideration all items of taxable income, and each item itself must be accurate in amount. Guesses and estimates must be avoided, for the return is made under oath.

Everybody who had an income during 1919 must now determine whether his or her net income was sufficient in amount to require an Income Tax return. The best way to find out is to get a Form 1040A and follow the instructions printed on it. That form will serve as a reminder of every item of income, and if a return is due, it tells how to prepare and file it.

One of the important points to keep in mind is that a person's net income is found by a computation prescribed in the law, and that each item of income from every source must be considered, unless specifically exempted.

Another thing to remember is that the personal exemption allowed taxpayers by law has no relation whatever to the requirement to file return. This exemption is not to be considered until a person has figured out his net income and determined whether it was sufficient to require him to file a return. Then, if a return must be filed, he should read carefully the instructions for claiming exemption, and complete his return.

If in doubt on any point as to income or deductions, a person may secure free advice and aid from the nearest Internal Revenue office. Many banks and trust companies are also furnishing similar services during banking hours.

Heavy Penalties in Law. For failing to make a return on time the penalty is a fine of not more than \$1,000 and an addition of 25 per cent to the tax, if any. For making a false or fraudulent return the penalty is a fine of not more than \$10,000 or imprisonment not exceeding one year, or both; and, in addition, 50 per cent of the tax. There are other penalties for failing to pay tax when due and for underpayment of the tax through negligence.

Many Sources of Income.

Aside from what one may earn by his services, there are many other sources of income. If he sold any property during 1919 he must figure out the gain realized. If he rented buildings, land, apartments or rooms such rents must be considered taxable, and he may claim deductions for necessary expenses incidental to renting. Bank interest is a common source of income and is taxable whether withdrawn or not. Any amount of interest credited to a depositor is income to the depositor.

Interest on mortgages and notes is taxable; also bond interest received from corporations.

A taxpayer who cashed his insurance during 1919 must report as income any excess received over the total of premiums paid.

Members of partnerships or personal service corporations or beneficiaries of an estate or trust must report their shares of income distributable to them whether or not actually withdrawn.

Dividends of domestic corporations must be reported. Many other forms of income are taxable, unless specifically exempted.

INCOME TAX IS DUE MARCH 15

Penalties for Delay and Failure to Make Returns—Early Compliance Urged.

All income tax returns covering the year 1919 must be filed by Monday, March 15. Each taxable return must be accompanied by check or money order for the full amount or at least one-quarter of the amount of tax due.

Cash payments are accepted only at the collector's main office; if sent by mail, they are at the sender's risk.

Residents of Washington should file their returns with, and make payments of, Income Tax to, David J. Williams, Collector of Internal Revenue, Tacoma, Wash.

Those who must file returns but have not done so are warned that the revenue law imposes heavy penalties for failure to get returns in on time or to make payments on time.

Early filing and such payments are urged, in order to relieve the Internal Revenue offices as much as possible of an overload on the final day, March 15.

ENTENTE REFUSES TO CHANGE POSITION

French and English Premiers Reject Proposal From President Wilson.

Paris.—Premiers Millerand and Lloyd George have sent a reply to President Wilson's note relative to the Adriatic compromise and hold to their position expressed in the note sent to the Jugo-Slav government on January 20, giving that government a choice between the compromise or the execution of the treaty of London, according to the Echo de Paris.

Hugh C. Wallace, the American ambassador, delivered to the foreign office a memorandum from President Wilson, according to the Temps, in which the president said he could not approve of Premier Lloyd George's proposed settlement of the Adriatic question, which has been submitted to the Jugo-Slavs.

The newspaper says that an identical memorandum was delivered to the British foreign office in London.

In his memorandum President Wilson criticizes Premier Lloyd George's plan as communicated to the Jugo-Slavs by the supreme council on January 20. The president examined the plan, but declares he cannot approve of its tenor. He particularly opposes the idea of giving the Jugo-Slavs the choice between this plan and execution pure and simple of the league pact.

END OF KOLCHAK RULE IS ORDERLY

Vladivostok.—Parades, street meetings and speech-making marked the city's complete liberation from Kolchak authority. The demonstration was orderly, the armed police force having little duty except to keep the crowds moving.

There is pronounced pro-American feeling evident. In front of the American headquarters the revolutionary leaders mounted steps of buildings across the street, making speeches, calling the Americans real friends, who at a critical time saved this present movement.

The general staff of the new government at Nikolok has telegraphed the American commander, Major-General Graves, expressing its appreciation for efforts toward guaranteeing an allied policy of non-interference during occupation of the city, also in aiding in a peaceful settlement of the local situation.

General Graves replied: "It always has been and always will be the policy of America to help the Russian people, regardless of party or creed."

MAY AVERT BIG RAIL STRIKE

Walkout of Railway Shop Laborers is Called Off.

Detroit, Mich.—The strike of 300,000 members of the Brotherhood of Maintenance of Way Employees and railway shop laborers, set for Tuesday, was indefinitely postponed by Allen E. Barker, international president of the union, in accordance with the request of President Wilson that action be delayed until after the general conference of railway union committees on February 23.

Mr. Barker's decision to delay the strike, he announced, was taken on recommendation of the executive committee now in Washington.

He maintained, however, that immediate relief must be had and that a strike as planned would have been fully justified.

Root Named to Plan World Court.

London.—The council of the league of nations transacted its first international business in St. James palace with the naming of Elihu Root as one of the 12 international jurists to be invited to form a committee for planning the organization of a world's court of justice. The United States was not represented. Arthur J. Balfour, who presided, said he anticipated the league's future "with the utmost confidence if the experiences of the last few days are any indication of what it will do."

Lane Approved Cabinet Meetings.

Washington.—Secretary Lane declared that he considered himself "just as much responsible" as Secretary Lansing for the calling of cabinet meetings during the president's illness. He said Mr. Lansing called him on the telephone and obtained his approval of the idea before calling the first meeting and "presumably secured the approval of other cabinet members also."

2000 Armenians Killed by Turks.

London.—More than two thousand Armenians were murdered in recent attacks by Turkish nationalists on the cities of Marash and Alntab, in Asiatic Turkey, according to a telegram to the Armenian national delegation from Constantinople.

SEASONABLE DISHES.

Think as well as you can of every one who is trying in these hard times to do his duty—to be brave, cheerful and honest. Let us not be among those who, when their tongue has a word and hand their toes to show their errors, even bitter words. Kindness helps where criticism cannot.

A good baked apple is a welcome dish at any meal. The manner of serving it may be varied so that it never becomes commonplace.

Apples Stuffed With Nuts and Raisins.—Core five apples, being sure to remove all of the core. Take off the paring from half the apple. Put half a cupful of sugar and half a cupful of water into a saucepan; into this set the apples to cook, turning often until each apple is tender. Set them carefully into a baking pan. Fill the centers with one-third of a cupful each of raisins and nuts chopped fine; add a little granulated sugar, and bake in a moderate oven until well glazed. Serve with the syrup poured around them.

Vegetable Chowder.—Take two thin slices of fat salt pork; cut into dice and fry out slowly. In a saucepan cover a half-dozen sliced potatoes with boiling salted water, and when nearly done add the pork and one can of corn, the water in which the potatoes were cooked and milk enough to make the desired amount of chowder. If it seems too thin, thicken slightly with crumbled crackers. Serve hot with crackers.

Buttermilk Bread.—Take one and one-fourth pints of fresh sweet buttermilk, one tablespoonful of sugar, two tablespoonfuls of salt, one-half of a compressed yeast cake, with flour enough to make a stiff batter. Scald half a pint of sifted flour with the buttermilk, stir well and add sugar and salt. Dissolve the yeast in a little tepid water, and when the batter is lukewarm add the yeast. Beat well and set to rise in a warm place overnight. In the morning it should be very light and covered with bubbles of air, which break when the cover is removed. To the batter add six pints of flour, one teaspoonful of salt, a tablespoonful of fat and half a teaspoonful of soda; add water to form a smooth, stiff dough. Knead fifteen minutes, then set to rise in a temperature of 70 degrees. Cover closely. When light mold into loaves. Set to rise again, and bake as carefully as if it were cake.

Beef Stew for Luncheon.—Peel and cook six onions, covering them with boiling water, and let them cook until nearly tender, then add a can of tomato soup, a can of peas, a teaspoonful of salt, two tablespoonfuls of chili sauce and one pound of sliced stewed beef. Parboil a pint of potatoes, drain, add to the onion and soup, and let cook ten minutes; add the sliced beef, peas, and let simmer until the potatoes are done. Then add the seasonings, and serve very hot.

FOOD SUGGESTIONS.

I'm just a little dirty and not the least bit witty. But, listen, I've a secret up my sleeve. If you're forever sighing, And all the world deceiving, Your friends will all excuse themselves and leave.

Raisin Pie.—Mix two cupfuls of steamed seeded and chopped raisins, the juice and rind and chopped pulp of one lemon, one cupful of cold water, one-third of a cupful of sugar and one beaten egg. Fill the crust, dust with flour, dot with bits of butter, cover with lattice crust and bake.

Chicken a la King.—Melt two tablespoonfuls of butter. In it cook one-fourth pound of fresh mushroom caps, peeled and broken in pieces, and half a green pepper, cut in shreds; salt and

cook until some of the moisture is evaporated. In another saucepan melt two tablespoonfuls of butter; in it cook three tablespoonfuls of flour, half a teaspoonful of salt and one-fourth teaspoonful of paprika; add one cupful of this cream and one cupful of chicken broth and stir until boiling; beat in one egg yolk, beaten and mixed with a teaspoonful of lemon juice, and continue heating until the egg is cooked. Do not allow the mixture to boil; add the mushrooms and pepper and three cupfuls of chicken breast preferably, cut in thin square pieces. This dish may be prepared from cold chicken but it is best hot, freshly cooked.

Breaded Tomatoes.—Take one can of tomatoes, one cupful of boiling water, one tablespoonful of salt, a teaspoonful of sugar and a dash of pepper with a pinch of soda. Bring to the boiling point and put through a sieve. Reheat and add crumbed bread until thick. A more attractive way of serving this same dish is to heat slices of bread until hot, butter generously and cover with seasoned tomatoes.

Corn Flake Griddle Cakes.—Sift together one cupful of pastry flour, one-half teaspoonful of soda, two teaspoonfuls of baking powder and half a teaspoonful of salt; add one cupful of corn flakes. Beat one egg very light, add a cupful of thick sour milk, half a cupful of sweet milk and two tablespoonfuls of shortening. Mix and bake on a hot well greased griddle.

Porridge Feed for Poultry.—Scraps and Waste Are Best Prepared by Running Through an Ordinary Meat Cutter.

Table scraps and kitchen waste are best prepared for feeding by running them through an ordinary meat grinder. After the material has been put through the grinder it is usually a rather moist mass, and it is well to mix with it cornmeal, bran or other ground grain until the whole mass assumes a crumbly condition. The usual method is to feed the table scraps at noon or at night, or at both times, as may be desired, in a trough or on a board. All should be fed that the hens will eat up clean, and if any of the material is left after one-half or three-quarters of an hour it should be removed. If allowed to lie it may spoil and would be very bad for the hens.

School Election

Next Saturday at the high school, from 3 p. m. until 5 p. m., polls will be open for the election of a member of the board of directors of Vashon schools, who will hold that position for three years. Do you realize, patrons, that your school is going to grow within the next three years? That it is easily possible your school may be doubled in numbers during that period? If you wish your schools to keep pace with your community, come out and vote for the person whom you consider best fitted to make them efficient.

It will be an interesting game this Saturday evening—College of Puget Sound vs. Vashon Island.

On request of the government of the United States through the Department of War, every high school pupil was expected to write an essay, Feb. 20th, on the subject "Benefit of An Enlistment in the United States Army." Marie Lokke received the decision of the three judges as having the best essay in Vashon high school. Her essay was sent to the recruiting station in Seattle, where it will be judged in competition with essays from the other schools of the Northwest.

Benefits of Enlisting in the United States Army

It teaches a man to discipline himself. The young man entering the army chafes under discipline; but gradually he begins to discipline himself so as to avoid being disciplined by superiors. This is invaluable to the man later in life, for he has to overlook the disagreeable restraint of the present, subordinating it to the ultimate object to be attained.

He learns the value of united effort. He learns that the individual in a group of men, regardless of his individual merit, can accomplish nothing except in co-operation with his fellows. Thus he learns the value of team work to an extent impossible in civilian life. He learns to know men. Where a large group as the army units eat, sleep, work, and play together, everyone knows his fellows. There is no hypocrisy among them, for no man can sustain a make-believe virtue through a long period of association. He learns consideration for the rights and opinions of others. The army is the greatest place on earth for the practice of give and take. The Golden Rule may not be preached, but its workability is incanted in his mind through many incidents of barrack life.

He learns to be brave but not quarrelsome. Life is unbearable for the man who shows himself to be yellow. On the other hand he must soon learn that trivial things and jokes must be passed up without fighting over them.

All these things taken together develop in a man a sense of humor that has been called the "saving sense."

A man learns to take his life and work seriously, but his own personal dignity becomes not quite so important.

The army gives the man the other fellow's point of view, so seldom attained in civilian life, and then perhaps in civil life it is attained so late in life that one has not a chance to profit by it.

The foregoing holds good for all branches, but especially in the

branches of service where men act together in large units, as infantry and engineers act.

Then there are special departments where a young man can learn a trade, as e. g. motor transport corps, aviation, signal corps, and Q. M. corps.

Troops are stationed in every section of the United States, Hawaii, China, Siberia, Europe, Alaska and Panama. This gives a soldier a good chance to travel, and he sees and learns many interesting things.

The soldier need not worry about pay, as he receives from thirty to one hundred and twenty dollars a month and has only a few expenses, such as laundry and insurance. The rest of his money he may save.

NEW WAY TO COLOR SLIDES.

A process of coloring lantern slides recently developed by an American scientist makes possible some novel projection effects, and has many advantages over hand-tinting and color photography. A fine colloid film on the glass slide carries the image. Various dyes may be applied in monochrome or mosaic arrangement, or by superimposing a number of films, permitting optical demonstrations on the screen. One experiment is the projection of black and white ruled lines, 250 to the inch, on a screen similarly ruled with alternate red and green lines. A lateral shift of .004 inch then apparently changes the color of the screen.—Popular Mechanics Magazine.

FARMER'S INCOME SUBJECT TO TAX

Gains for 1919 Must Be Figured Under U. S. Law—Returns Due March 15.

LAND SALE PROFITS TAXABLE.

Necessary Farm Expenses May Be Deducted—Special Form for Farm Income—Cash or Accrual Basis for Computing.

A farmer, shopkeeper, or tradesman must figure up his net income for 1919, and if the farm or business income plus his other income was sufficient to require an income tax return a complete return must be filed with the collector of internal revenue by March 15.

A farmer should ascertain the gross income of his farm by computing all gains derived from the sale or exchange of his products, whether produced on the farm or purchased and resold.

Farm Expenses.

From his gross income a farmer is allowed to charge off all of his necessary expenses in the conduct of the farm during the year. These include costs of planting, cultivating, harvesting and marketing. In addition to these costs he may deduct money spent for ordinary farm tools of short life bought during the year, such as shovels, rakes, etc. Also, the cost of feed purchased for his live stock may be treated as an expense in so far as this cost represents actual outlay, but the value of his own products fed to animals is not a deductible item.

Other farm expenses allowable are the cost of minor repairs on buildings (but not the dwelling house), on fences, fences and farm machinery, also bills paid for horse-shoeing, stock powders, rock salt, services of veterinary, insurance (except on dwelling house), gasoline for operating power and sundry other expenses which were paid for in cash.

As to hired help, all the productive labor is a deductible expense; but the wages of household servants, or help hired to improve the farm, as in tree-planting, ditching, etc., cannot be claimed against earnings. A farmer is not allowed to claim a salary for himself or members of his family who work on the farm.

Wear and Tear.

Purchase of farm machinery, wagons, work animals, etc., also the cost of construction or extension of buildings, silos, fencing, etc., should be considered additional investments in the farm and are not proper deductions against income.

A reasonable allowance may be claimed for wear and tear on farm buildings (except the farmhouse), fences, machinery, work animals, wagons, tanks, windmills and other farm equipment which is used in the conduct of the farm.

As to autos and tractors, the cost of these is not an expense, although the cost of their upkeep is an allowable deduction, if the machines are used exclusively for farm purposes and not for pleasure. Also, in such cases, a deduction for wear and tear is allowed.

Farm Losses.

The loss of a growing crop is not a proper deduction from income, inasmuch as the value of the crop had not been taken into gross income. The loss of a building or of machinery through storm, lightning, flood, etc., is an allowable deduction, but care should be used to ascertain the correct loss sustained, as restricted by income tax regulations.

No deduction is allowed in the case of loss of animals raised on the farm, but a loss is deductible from gross income if the animals had been purchased for draft or breeding purposes.

Shrinkage in weight or value of farm products held for favorable market prices cannot be deducted as a loss, for the reason that when such products are sold the shrinkage will be reflected in the selling price.

Sale of Farms and Land.

The value of agricultural lands has been jumping during the past few years, and during 1919 many owners sold and part or all of their lands at big profits. All such gains constitute income and must be taken into the net income for the year.

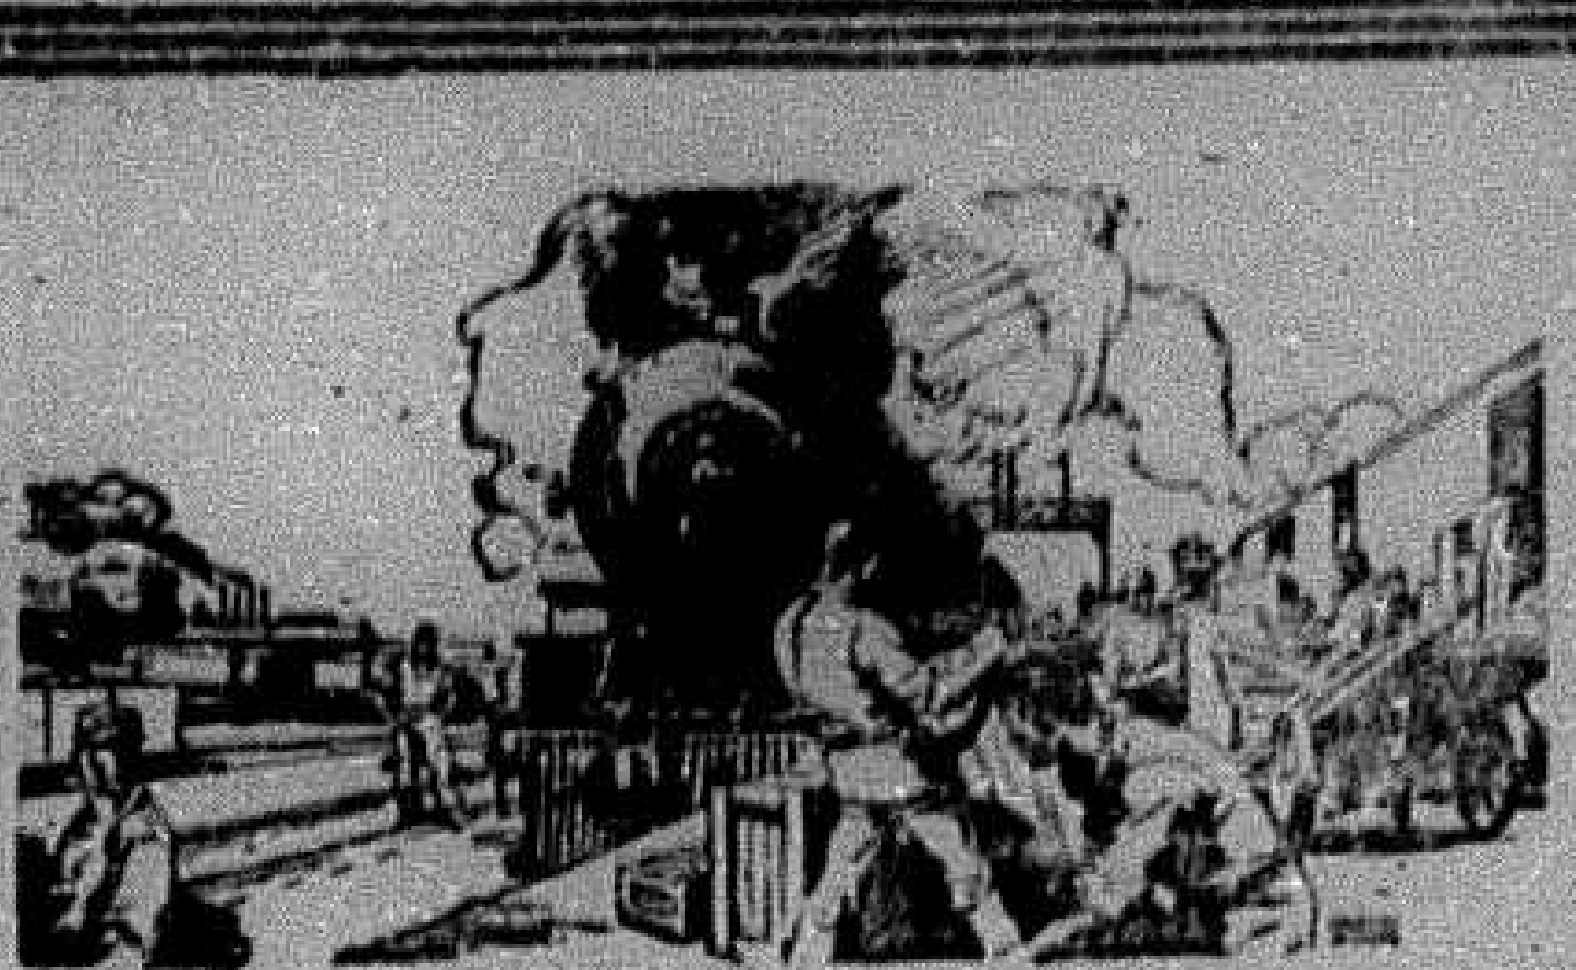

Any person who sold part of a farm or ranch, or part of a parcel of land must also show any gains realized by the sale.

The method of figuring gains and losses on such transactions is prescribed in the Income Tax regulations, copies of which may be secured from Internal Revenue Collectors.

Forms for Returns.

The Internal Revenue Bureau has issued an improved Form 1040F for the use of farmers. This form, together with Form 1040A or 1040, will give the farmer explicit information as to how to properly figure his net income for 1919.

There are two methods of figuring a farmer's income tax return this year. He may make his return on the basis of the difference between the money and goods received for his products and the cash paid out for actual allowable farm expenses within the year. Or he may make his return on the accrual basis, which means computing the receipts and expenses that pertain to the taxable year, excluding income earned and expenses incurred in previous or succeeding years.

They couldn't be built now for twice \$71,000

When the talk turns from politics to railroads, and the traveler with the cocksure air breaks in with, "There's an awful lot of 'water' in the railroads," here are some hard-pan facts to give him:

American railroads have cost \$80,900 a mile—roadbed, structures, stations, yards, terminals, freight and passenger trains—everything from the great city terminals to the last spike.

A good concrete-and-asphalt highway costs \$36,000 a mile—just a bare road, not counting the cost of culverts, bridges, etc.

Our railroads couldn't be duplicated today for \$150,000 a mile.

They are capitalized for only \$71,000 a mile—much less than their actual value. Seventy-one thousand dollars today will buy one locomotive.

English railways are capitalized at \$274,000 a mile; the French at \$155,000; German \$132,000; even in Canada, (still in pioneer development) they are capitalized at \$67,000 a mile. The average for all foreign countries is \$100,000.

Low capitalization and high operating efficiency have enabled American Railroads to pay the highest wages while charging the lowest rates.

THE DELICIOUS PRUNE.

By example and not by precept. By doing and not by professing. There is no contagion equal to the contagion of life. Whatever we sow, that shall we also reap, and each thing sown produces of its kind.—Ralph Waldo Trine.

The reason prunes have such a burden of disrepute to bear, is largely on account of the careless manner, in years past, that the average cook has served them. Now while they are coming up in price, they are better appreciated. The long soaking and slow cooking which our modern methods of cookery advocates, has proven that such treatment brings out the flavor and sweetness of the fruit. A real prune lover wishes no sugar on the fruit as it needs none but its own sweetness.

Prune Whip Parfait.—Take one half cupful of stewed prunes, stoned and mashed, one-half cupful of raisins seeded and simmered in water to soften, pinch of salt, eight marshmallows, cut up in half a cupful of cream and steamed in a double boiler until soft, then beaten until smooth. Into the marshmallow mixture whip the other ingredients and set the dish on ice to chill. When ready to serve, heap in small sherbet cups, pour over thick cream and sprinkle with pecan meats broken in bits.

Prune Patties.—Take a half cupful of stewed, stoned and mashed prunes, one egg yolk, add a pinch of salt, a bit of nutmeg, sugar to taste, a teaspoonful of flour and a half cupful of sweet milk. Mix and pour into pastry lined patty tins. Bake until a light brown; then spread the tops with a meringue, using the white of egg beaten stiff with two tablespoonfuls of sugar. Brown.

Prune Roll.—Take one tablespoonful of grapefruit juice, one tablespoonful of sugar, one teaspoonful of flour, two-thirds of a cupful of mashed prunes, one-third of a cupful of seeded raisins. Cover the raisins with half a cupful of water and simmer half an hour. To the prunes add the sugar and fruit juice, a pinch of salt and the flour mixed with a little cold water. Put in the raisins and cook the mixture until it thickens—about three minutes. Spread on biscuit dough that has been rolled very thin, fold and press the edges together and bake. Serve with cream.

Don't forget to give the fowls a little salt in some form every day. They like their food seasoned as well as we do. Pepper as well as salt.

Boasters in the shape of fleas and mites on fowls are unnecessary. The mites absorbed by these parasites will pass into eggs and meat.

War Department Estimates Reduce. By the House Committee.
Washington—Eight thousand fewer army officers than asked for by the war department are provided by the house army reorganization bill, formally presented by Chairman Kahn of the military affairs committee. Reductions in the number of officers were made in every branch of service, but the sharpest cut was for the aviation service, which received only 1154 of the 4500 asked. In all, the department sought 28,179 officers and the house committee granted 17,820.

None of the various plans offered to the committee for reorganizing the army was adopted by the committee. Instead the committee report as submitted by Mr. Kahn, based on the national defense act of 1916, was used as the working basis, the new law being a revision of the old one.

Prohibit Liquor Search Without Warrant
Chicago.—Major A. V. Dairymple, commander of the expedition against the "Michigan ruin rebellion," returned to Chicago with his crusaders to be faced with positive federal orders forbidding liquor searches or arrests without proper warrants.

NOTICE OF HEARING OF PROPOSED ROAD IMPROVEMENT

NOTICE IS HEREBY GIVEN that on the 26th day of February, 1920, a petition, being File No. 3, was filed with the Board of County Commissioners praying for the improvement of that certain County Road in King County, Washington, known as County Road No. 1040, the same being Bond Issue Road No. 14, from Vashon Ferry Terminal to the Burton Wharf and to Portage, the particular description of said desired improvement being as follows, to-wit:

Beginning at the Vashon Ferry Terminal at Vashon Heights in Section Six (6), Township Twenty-three (23), North Range Three (3) E. W. HEAT-PRODUCING FOODS.

God's great out-of-doors is ever calling, and if we do not heed his call it will send us in bills that will call for heavy and sometimes frightful settlements.

During the winter months in the northern states pork and other fat meats are commonly served, as in cool weather the body is more active, burns up more fuel and is able to digest heavy and heartier foods.

Broiled Pork Tenderloin.—Split the tenderloin in two and broil under the gas flame or over coals. Have the heat intense at first and sear the meat on both sides to hold the juices. Reduce the heat and when the meat is puffed and nicely brown remove to a hot platter. Season with salt, pepper and bits of butter.

Stuffed Pork Tenderloin.—Select medium-sized tenderloins, wipe with a soft cloth dipped in cold water. Split the meat lengthwise, making a slight incision with a sharp knife, then pulling the muscle until it is almost split in two. Make a dressing of bread, salt, pepper, summer savory, onion juice, and moisten with water. Spread the dressing on the split side of the meat, remembering that it swells with cooking. Place a second tenderloin over the dressing. Sew the edges together with coarse thread. Place in a buttered pan with a cupful of hot water. Bake in a moderately hot oven for three-quarters of an hour, lowering the heat after the first twenty minutes. Put a few bits of butter in the pan and baste frequently. One tenderloin may be used for a small family.

Pork Tenderloin French Style.—Wipe the tenderloin carefully and with a sharp knife cut into slices about an inch thick across the tenderloin. Round the pointed ends of each and pound each piece to flatten it.

Season with salt, pepper and roll in flour. Have ready smoking hot fat. Drop in the meat and turn at once in order to form a crust on both sides. Continue cooking at a lower temperature and cook for twenty minutes. Pour off the fat, except two tablespoonfuls. Add three tablespoonfuls of flour and a little salt. As soon as the flour is a golden brown, add milk and stir vigorously to keep the gravy smooth. Add milk until the gravy is a trifle thin. Season to taste and pour around the meat.

Allies Ask Internment of Kaiser.
The Hague.—The latest allied note to Holland with regard to extradition of the former German emperor reverses the original demand for his surrender and only asks his internment, with the suggestion that the former monarch be sent, perhaps, to one of the Dutch islands in the East Indies, it became known here.

Hog Island Yards Sold.
Washington.—An agreement with the American International Shipbuilding company was reached by the United States shipping board by which the board takes title to the land of the Hog Island shipyard at Philadelphia. Approximately \$4,900,000 is involved, Chairman Payne said.

WIRELESS WOULDN'T WORK.

While showing a girl friend through the radio shack on board an army transport, I had just finished explaining the main set to her, and had stepped out in the other compartment. My buddy was just coming up from the captain's office where he had found out that his discharge was to be postponed for another trip. Seeing only myself there, he started to tell me what he thought of everything in general and the captain in particular. My rations were in vain. He exhausted the whole navy vocabulary before he saw the other party.—Exchange

Jonas W. Stuver, a resident of Puyallup for 32 years and widely known in fraternal and business circles, died last week in a Tacoma hospital.

Sixteen thousand dollars worth of surplus army food supplies and equipment was placed on sale in Spokane Monday under the auspices of the city.

Finding the cost in excess of the estimates, Lewis county commissioners will delay construction of the proposed paved road between Winlock and Cowitz prairie.

The painters' union of Spokane has adopted a new scale of wages demanding \$8 a day, \$1 a day increase, effective April 1. More than 200 men will be affected.

A cooperative clothing store by the organized railway men of Spokane and possibly by all organized labor, is being planned as a weapon to beat down high prices.

Work has commenced on a huge fruit storage warehouse at Walla Walla which when completed will store 500,000 boxes of apples and other fruits. It will cost \$100,000.

To relieve the housing conditions in Wapato following destruction of a hotel there by fire, George Hackney of that city, owner of a two-story block, has taken steps to convert it into a hotel.

Robbers blew open the safe at Fort Ward, near Seattle, during the night, and stole government papers and data, according to reports telephoned to Seattle. Money in the safe was not touched.

The Long-Bell Lumber company of Kansas City, Mo., has purchased from the Weyerhaeuser Timber company 25,000 acres of stumpage in southern Lewis county. Prices ranged from \$2 a thousand upward.

Governor Louis F. Hart denied the application for a pardon for J. Hardwood Morris, formerly cashier of the Fremont State bank of Seattle, convicted two years ago of embezzlement of the bank's funds.

More than 10,000 acres of highly improved farm land in the Sunnyside irrigation district will be lost to the owners unless before March 16 they pay delinquent assessments now amounting to 12 1/2 cents per acre.

Washington wheat growers in Lincoln, Grant, Douglas and Adams counties are estimated to have signed up more than 1,000,000 bushels of wheat in the new Washington Wheat Growers' Marketing association.

The purchase is announced by the Lewis-Pacific County Dairymen's association of a one block site in Chehalis for a plant to be erected for the manufacture of powdered milk, butter and other milk products.

Walla Walla County Club Leader Miss Maize Wilson announced that the work of the College Place members of the county club in canning, gardening and poultry raising during the last year is worth approximately \$400.

Present prospects point to the greatest real estate activity for many years past during the spring months, according to Pullman dealers, who report that many buyers are in the market for farms and city property.

Compulsory vocational education for working girls and boys between the ages of 14 and 18 years in Spokane and other Northwest cities will be advocated at the Inland Empire teachers' convention to be held in Spokane March 31, April 1 and 2.

Chester Brown and seven other alleged members of the Industrial Workers of the World, were found guilty by a Spokane jury in superior court on a charge of criminal syndicalism. David Laur and John Jones, tried with them, were found not guilty.

Not only did Walla Walla county pay off \$48,000 in outstanding bonds last year, but it closed the year with \$109,123 cash on hand, which was \$37,334 better off than it was the year before, according to the annual report of County Auditor Turner.

The temporary injunction issued by Judge Grimsbaw to restrain the Wenatchee reclamation district from proceeding with the construction of the bridge across the Wenatchee river, has been dissolved and an agreement entered into between the parties involved.

The state bureau of inspection and supervision of public officers ordered a \$250,950 paving contract between Pierce county and the Independent Asphalt company canceled because of alleged collusion of bidders. The order was handed to Prosecuting Attorney W. D. Askren.

Attorneys for the Seattle bond brokerage firm that agreed to purchase an issue of \$60,000 of Everett park bonds, have notified the city that there are apparent defects in the issue which precludes the completion of the purchase and the firm consequently has asked the return of its check of \$2,000.

The Marcus division of the Great Northern railroad will be reopened March 1. This announcement is made by P. S. Elliott, general superintendent of the Great Northern, who has arrived in Spokane from Seattle to make his headquarters in Spokane. Division headquarters will be at Marcus.

Monday a wool-shearing and grading course was opened at Pullman in the department of animal husbandry of the State college, open to all people interested in this kind of work, and continuing until March 15. The course is in charge of Professor Howard Hackedorf, head of the animal husbandry department.

State Treasurer W. W. Sherman is planning to invest \$1,000,000 of state funds in Seattle school district bonds at 4 1/2 per cent interest. The bonds are part of a \$4,000,000 issue voted by Seattle last winter for school buildings. Treasurer Sherman's report for the period ending February 24 shows a balance of \$4,336,724.

Former State Senator D. A. Scott, presided at a meeting of farmers held in Ritzville to secure signatures to the Washington Wheat Growers' association agreement for co-operative wheat marketing. Twenty-five farmers, representing between 80,000 and 100,000 bushels of wheat, signed the contract to sell through the association for six years.

Preliminary arrangements for submitting to a vote of the people a proposition for the erection in Spokane, with funds raised from a tax levy, of a \$1,250,000 municipal auditorium as a memorial to men and women who served in the world war, were made by the city council, in conference with the executive committee of the memorial auditorium association.

Further steps in corraling the alleged booze ring handling Canadian whiskey in Seattle were taken Saturday when federal officers seized the halibut schooner Uranus, valued at \$5,000; its cargo of 17,000 pounds of halibut, and arrested its captain and two members of the crew following the discovery of five cases of Canadian whiskey secreted in the hold.

Government and private detectives have been investigating reports of counterfeit money being circulated in north central Washington. Banks in the vicinity of Wenatchee have received a number of bills which have been tampered with. One was presented to the Columbia Valley bank which had been raised from \$2 to \$10. The work was evidently done by an expert.

Information that a proposed cut in appropriations for the United States bureau of foreign and domestic commerce will mean a discontinuance of northwestern offices of the bureau, maintained in Seattle since 1914, has resulted in a vigorous protest being forwarded to Washington by the Seattle Chamber of Commerce and Commercial club, China club, Manufacturers' association and other organizations.

The Walla Walla city commissioners authorized Mayor D. F. Powell to go into the store business to the extent of purchasing a quantity of surplus army stores which will be sold to the public. A. R. Roberts will be in charge of the same, which will be at no cost to the city. The Retail Merchants association approved the plan and asked the city to take up the proposition. Roberts agreed to purchase any surplus at the end of the selling period.

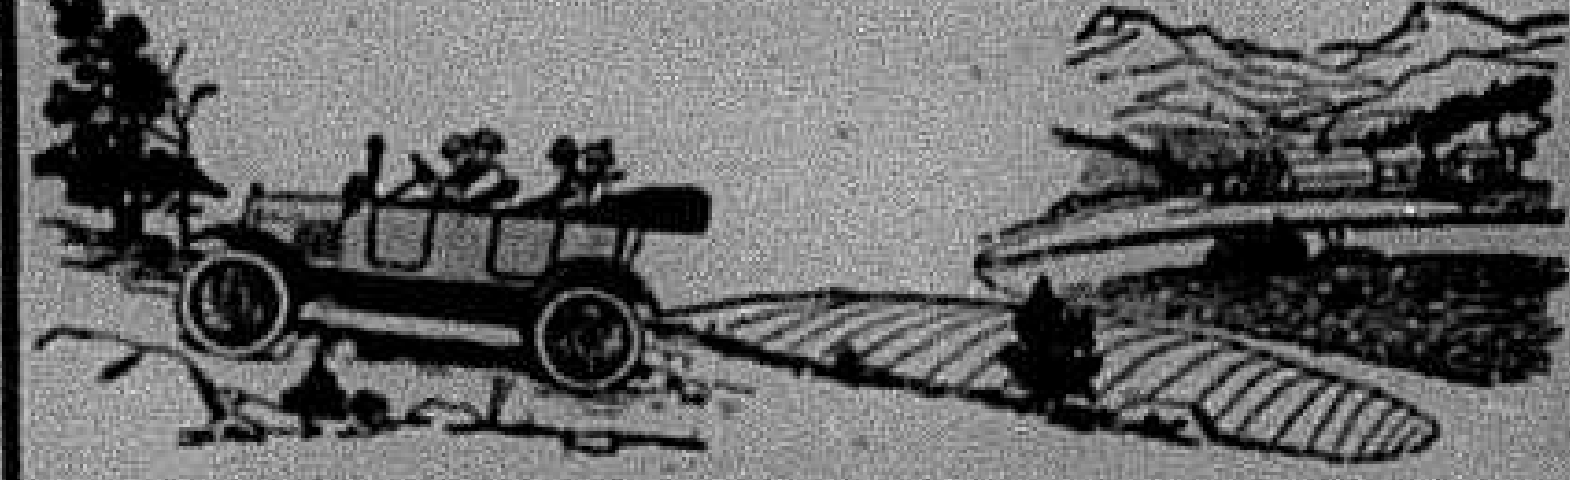

By a vote of 25 to 10, the Spokane County Medical society passed an amendment to the bylaws, said to set a precedent among similar organizations in the United States, which prevents physicians and surgeons who take contract work from holding membership in the society. The amendment directly affects 27 Spokane physicians acting for railways, lodges, insurance companies, department stores and mutual benefit societies, but excludes city and county health officers, who are considered public servants. Two-thirds majority was required to pass the amendment.

THE UNIVERSAL CAR

The Ford car can well be called the "people's car," because there are more than 3,000,000 of them in daily operation. That is about four to one of the nearest follower in the motor car industry. This would not be so if the Ford car had not for sixteen years proven its superiority in service, in durability, and in the low cost for operation and maintenance; this would not be so if the Ford car was not so easy to understand, so simple in construction that anybody and everybody can safely drive it. CHURCH ANNOUNCEMENTS

Presbyterian

The Ladies' "Willing Workers" society met at the manse last Thursday, it being the time for the annual election of officers. After an interesting routine business session, the following were elected to office for the ensuing year:

Mrs. Stanley was re-elected president.

Mrs. Hansen, vice president.

Mrs. Fenton, secretary.

Mrs. Fred Bridgman, treasurer.

The reports of the meeting indicated that the society is in a healthy and active condition, having raised about \$150 during the year without the aid of socials or anything of that order, the omission of which, of itself, reflects credit to any society. The society starts off upon the same commendable course for another year.

Mrs. Williams and Mrs. Faul were hostesses.

There was a large attendance of young people at the study-entertainment class at the Magowan home last Monday evening. We are glad to announce that there was a splendid representation of the boys at the meeting, which doubtless will continue now that they have had a taste of the good things of the event. The meeting will go to the home of Miss Frances Blekkink a week from next Monday. It is hoped that all shall remember that the time set for the beginning of the meeting is 7:30. Let all try to be on time at next meeting.

Sunday school next Sunday 10. Preaching 11, and Christian Endeavor meeting at 6:30. There was a good attendance and a good spirit at the Endeavor meeting last Sunday evening. Willis Blekkink proved himself a master in the extempore emergency.

The pastor has been much physically indisposed for some time. He hopes, however, to be able to prepare a profitable theme for next Sunday morning. A large congregation is a fine tonic for an indisposed preacher. Just a hint.

R. G. Williams, Minister.

Episcopal

Rev. Dr. Webb of Tacoma will celebrate Holy Communion at Christ Church, Portage, next Sunday, morning at 11:15.

OBITUARY

Peter D. Halsey was born June 23, 1850, in New Jersey, and passed away Feb. 18, 1920.

In 1867 he was united in marriage to Miss Harriet Whipple.

Four children came to bless this union: Lynford W. Halsey, of South Dakota; Fred E. Halsey, of Hope, New Mexico; Mrs. Nellie M. Jacobus and Miss Minnie Halsey, of Seattle.

Mrs. Halsey passed away on April 24, 1875.

On February 13, 1877, Mr. Halsey was united in marriage to Miss Laura J. McNeill. No children came of this marriage.

Laura J. Halsey was born September 2, 1851, in Rockford, Ill., and passed away at the home of her niece, Mrs. Everett Devo, in Vashon, on Feb. 26, 1920.

The grief of the community at the sudden passing away of Mrs. Halsey was expressed at the funeral, which was held on Saturday afternoon last, services being conducted at the Methodist church by Rev. Gebert. A resident of Vashon only two years, yet in that short time Mrs. Halsey had endeared herself to a circle of friends who had learned her sterling worth and honored her for the devotion she manifested toward an invalid husband and to her home duties. She will be missed in this community as well as in Cove, where she resided many years. The beautiful floral tributes were mute tokens of the esteem in which she was held. Interment was in the family plot in Vashon cemetery, the same pall bearers officiating who the Sunday previous bore the remains of the husband to the final resting place.

KNEW TEACHER'S WEAK POINT

But Almost Anyone Might Have Guessed to Such Beautiful "Blarney."

The seventh-grade teacher was susceptible to praise—also she was fond of her boys and found it hard to refuse them a favor, especially if they coaxed real hard. The other day they asked her to take them for a weiner roast. From the first she was adamant in her refusal. The boys tried coaxing—they almost cried bribery, but still she said—"No."

Then the little Irish fellow in the class tried his hand. "Why, I think it is your duty to take us," he began. "The board said—"

The teacher's head was tilted high in the air. And the little Irishman played the card for which he had been preparing. "Oh, Miss M.," he enthused, "when you hold your head like that you look exactly like a genius."

That plea in his blarneying voice would have melted a heart of stone. And the teacher laughed and went on the weiner roast.—Indianapolis News.

BIG BATTLESHIPS.

The stay of the battle cruiser Renown in our waters, says the Scientific American, has raised a discussion as to which are the longest ships afloat. Of course, among merchant ships the Leviathan, 950 feet long, is the longest, with the Imperator and the Aquitania, each 900 feet long, of the Cunard line, coming next. Among warships, the longest in commission today are the Renown and her sister, the Repulse, each being 789 feet. But the longest warship constructed and soon to go into commission, is the British battle cruiser Hood, which is 900 feet in length and about 42,000 tons full load displacement. Our navy department has designed six battle cruisers 875 feet in length.

A larger flock of hens could be kept on many farms at a profit.

Water fowls do not receive the consideration they deserve on many farms.

THE PEOPLE'S FORUM

Editor News-Record:

If one stood in much need of a home to live in, and should borrow the money and build on the whole a rather good house, except that he left off a porch, front or back, wouldn't you think him imprudent and quite lacking in hard sense if he should at the end of four years, no part of the borrowed money yet being paid, if he should, in order to have a front or back porch, pull down his house entirely and build a new one altogether?

Five years ago King county issued \$3,000,000 bonds for good roads. Vashon-Maury Islands share was made \$50,000. Forty-nine thousand dollars of this was spent in building, or while building, the Vashon-Burton road. One thousand dollars was expended on the H. O. Wick road on Maury.

It is true, a road is needed now at the North End, but why, after four years, tear up a rather good road, no part of which is yet paid for, and when everything is most expensive, and put the taxpayers of the Islands to the ruinous outlay of building a new road?

Let the North End have a road, of course, but not at so great a cost as this. Take care of this road that is already built and improve the roads that lead to it with whatever money can be gotten. The time will certainly come when this road ought to be hard-surfaced, but it is not here yet.

I pay tax on 1320 feet fronting on this Vashon-Burton road, and so am interested, and wish the time for paying it was now, but taking the whole of the Islands into account, it certainly is not. If we want to scare away investors we can take no more certain way of doing it than by building this road at the present time with its consequences in the way of taxes.

Wm. F. Johnson.

Preaching at Vashon

As the gentleman who wrote the article attacking the dances held at Lisabeula signs himself "Reverend," he is undoubtedly well acquainted with the saying, "Do unto others as you would have others do unto you."

"Knocking is a pastime which Lisabeula has left to others; but when knocked at it becomes a comparatively easy matter to knock back; and if the reverend intended his article to pass by

without comment he made a grave error.

First, we would like to know by what authority he attempts to regulate the action of Lisabeula in regard to their pastimes?

We want also to call his attention to the fact that Lisabeula has a minister of her own, the Rev. Howard, who is perfectly capable of handling any situation arising in Lisabeula without asking for help or suggestions from Vashon.

Second, to quote another saying, "People who live in glass houses should not throw stones." Vashon had a place to dance and hold social meetings long, long before Lisabeula thought of having one.

Third, it is an easy matter to knock and tear down, but it is not near so easy to boost and build up. Construction of any kind requires good will and a little gray matter, whereas anyone can sit at home and tear down and ridicule the efforts of others.

When a man becomes so prejudiced upon any subject as to tear down the work of others without taking the trouble to even investigate what is going on, he is far from hope of ever building.

The warehouse at which we hold our gatherings is always open to inspection of anyone, and we could think of nothing that would please us more than to have Vashon send over a committee to ascertain to what extent the dances are degenerating the morals of any of the young folks who attend.

In his statement that dancing is a vice, the Rev. is at least fifteen or twenty years behind the times. If he was reading the papers of Seattle just a few months ago he would have seen that Mr. Ole Hanson, at that time mayor, was one of the bright lights at nearly every big dance, and also, that running him close seconds were members of all branches of the city government. The fox trot was a thing greatly appreciated and much enjoyed by the men above mentioned.

If the Rev. should ever stray as far from home as say, Seattle and attend a gathering of young or old alike in the homes of families with good civil and religious standing he would, we guarantee, find the fox trot danced by everybody from the business men and their wives down to the youngest present.

When attempting to describe a dance along the lines of sex, as he

does, the Rev. is vague and we assure him a good ways from the road of truth which, we presume, he is honestly attempting to follow.

At the present time, we can think of no more pleasant picture than that presented by a group of healthy, happy, laughing, young folks who, after having done their bit toward the production and manufacturing of the world's goods, have gathered together to pass the evening. Their muscles become relaxed, there is a smile on every face and they are, for the time being, children again, forgetting the troubles and sorrows which have to be faced and fought during the week.

I. Hammer.

RAILROADS GIVEN BACK TO OWNERS

Private Operation of Roads Will Be Largely Under New Conditions.

Washington—America's rail transportation systems, operated as one great public utility since December 28, 1917, were divided among their 250 respective corporate owners when the government released control at midnight, March 1.

Director-General Hines, as the agent of the president, handed over the properties and equipment, valued at approximately \$20,000,000,000, to their old directors, free except for the jurisdiction retained by the government in the new railroad reorganization bill.

The roads go back to private control under largely new conditions. The railroad bill, signed by the president, gives the system certain new privileges, but as an offset, it enlarges the interstate commerce commission, both in power and personnel. The corporations no longer are masters completely of their bond issues, nor are they allowed to stand solidly against labor, for labor's demands, if not met by arbitration and negotiations between the parties concerned, go to a high court provided in the bill and on which sit, in addition to labor and railroad representatives, public representatives as well.

As for finances, Mr. Hines has asserted that the corporations would have had difficulty obtaining the necessary credit had the government not extended its care to them during the war. This difficulty has been swept away to some extent, for the roads can obtain loans from the government in these days of strained credit, it was explained.

The interstate commerce commission is also bound by law to consider the roads' final status in ratemaking so the properties may always stand on a solid basis.

U. S. AID ASKED IN ADRIATIC QUESTION

Washington—The invitation of the British and French premiers to President Wilson to join them in a formal proposal to the Italian and Jugo-Slav governments to negotiate a new Adriatic settlement on the basis of the withdrawal of all previous agreements caused no surprise in official Washington.

It was pointed out, however, that while adhering to the agreement of December 9, the president in his last reply to the premiers had said that he "would, of course, make no objection to a settlement mutually agreeable to Italy and Jugo-Slavia, provided that such an agreement is not made at the expense of the nationals of a third power."

President Wilson has made it clear that he cannot accept the treaty of London as a basis for a settlement.

Under the premiers' proposal, however, no effort would be made to carry out the terms of this treaty until another attempt had been made by the United States, Great Britain and France to arrive at a settlement should the proposed negotiations between Italy and Jugo-Slavia come to naught.

The premiers express appreciation of and agreement with President Wilson's views with regard to the future of the Albanian people and say they are willing to urge upon the governments interested that they should bring their desires into line with the American viewpoint.

DON'T BE SCARED OF GRIP.

"The surest way to precipitate an evil is to become obsessed in the anticipation of it," says the Medical Press and Circular (London), in deprecating the too oft-repeated warnings against influenza. Which means that there is not likely to be a recurrence of last year's epidemic unless people get scared into it.
